VMG HEALTH/eSUPPORT MONTHLY WEBINARS 2026

| DATE |  | TITLE | DESCRIPTION | PRESENTER | CE |
|--------|--|---|--|--|------------|
| JAN 12 | 20 Min. | 2025 ASC Quality Reporting Update | CMS requirements and quality reporting can be challenging for perioperative leaders in the ASC setting. Participants will receive current information on the quality program with updates on the 2026 final rule, what reporting is required, and the definitions/frequently asked questions for the indicators. | Gina Throneberry RN, MBA, CASC, CNOR <i>ASC Association</i> | |
| FEB 27 | 60 Min. | Blueprint for ASC Staff Education | This webinar provides a practical overview of how ASCs can build and maintain a compliant staff education, training, competency, and orientation program. Attendees will learn how to integrate CMS and accrediting body requirements with eSupport resources, internal policies, and facility-specific needs to create a sustainable education plan. The session outlines key regulatory expectations, documentation standards, and practical strategies for establishing a consistent training cadence that supports survey readiness. Participants will leave with clear, actionable tools to strengthen their ASC's education and competency programs. | Apryl McElheny MBA, MSN, RN, CASC, CIC <i>VMG Health</i> | RN CASC |
| MAR 30 | 20 Min. | Staff Utilization: How to take Data and Improve Benchmarks | This webinar explores how tracking staff utilization can strengthen operational efficiency, cost management, and overall performance in the ASC setting. VMG will share analyzed utilization data, highlight key trends, and discuss what these findings mean for your center. Attendees will learn practical strategies to improve staffing benchmarks and enhance day-to-day resource use. The session will conclude with guidance on applying this information to a meaningful quality improvement (QI) study. | Vanessa Sindell MSN, BSN, RN, CAIP <i>VMG Health</i> | |
| APR | | <i>No Webinar</i> | ASC Nurse Leadership Conference April 17 - 18, 2026 www.ASCNURSELEADERSHIP.com | ASC LEADERSHIP NURSE CONFERENCE | |
| MAY 19 | 20 Min. | Making QAPI Manageable: Document What You're Already Doing | If QAPI feels like something extra you must do...this webinar will demonstrate how to document the quality activities you already perform every day. Attendees will learn how to properly capture QAPI efforts and understand the critical role medical record documentation plays in demonstrating compliance. The session will break down core QAPI components and highlight simple, practical ways to integrate them into daily workflows. Participants will leave with clear strategies to make QAPI manageable, consistent, and survey-ready. | Crissy Benze MSN, BSN, RN <i>VMG Health</i> | |

VMG HEALTH/eSUPPORT MONTHLY WEBINARS 2026

| DATE |  TITLE | DESCRIPTION | PRESENTER | CE |
|--------|--|---|--|--------------------|
| JUN 26 | 60 Min. Turnover to Terminal: Housekeeping Done Right | This webinar offers a focused review of environmental cleaning practices in the ASC, from turnover cleaning to terminal cleaning. Attendees will learn how to apply nationally recognized guidelines and best practices to ensure a safe, sanitary environment and reduce infection risks. Designed for Infection Preventionists, Control Coordinators, and housekeeping staff, this session will outline both oversight responsibilities and practical frontline techniques. Participants will leave with clear strategies to enhance cleaning practices and strengthen their facility's infection prevention program. | Apryl McElheny MBA, MSN, RN, CASC, CIC VMG Health | RN CASC CAIP |
| JUL 27 | 20 Min. AI in ASC Revenue Cycle: Turning Denials and Claims Data into Automation | This webinar explores how artificial intelligence can responsibly support ASC revenue cycle operations without adding compliance risk or disrupting workflows. Moving beyond hype, the discussion provides a practical framework for evaluating AI tools in ASC settings, ensuring they enhance experienced business office teams while maintaining oversight and control. Attendees will gain clarity on how AI can improve speed-to-resolution, strengthen documentation, and increase visibility into denial trends across ASC operations. | Hanes Singh CEO DocVocate Nancy Stephens VMG Health | |
| AUG 28 | 60 Min. ASC Emergency Preparedness: How to Conduct Meaningful Drills & Exercises | This webinar offers practical guidance on how ASCs can design and conduct meaningful emergency preparedness drills that move beyond basic compliance. Attendees will learn best practices for required fire drills, surgical fire preparedness, and planning effective emergency exercises that strengthen staff readiness. The session will clarify CMS and accreditor expectations while highlighting common pitfalls and how to avoid them. Participants will leave with actionable strategies to enhance their emergency preparedness program and improve team performance during real events. | Dale Lyman, CFPS Telgian Engineering and Consulting | RN CASC |
| SEP 28 | 20 Min. Maximizing Performance: Implementing KPI-Based Bonus Programs | This webinar explores how ASCs can use Key Performance Indicators (KPIs) to create effective, motivating bonus programs for management teams. Attendees will learn how measurable metrics drive performance, strengthen accountability, and align leaders with organizational goals. The session includes an Excel template to simplify KPI tracking and bonus calculations, along with examples tailored to key ASC management roles. Participants will leave with practical tools to implement a structured, performance-driven bonus program that enhances leadership effectiveness and operational results. | Nancy Stephens. VMG HEALTH/eSUPPORT MONTHLY WEBINARS 2026

| DATE |  | TITLE | DESCRIPTION | PRESENTER | CE |
|-----------|--|---|---|---|--------------------|
| OCT 30 | 60 Min. | ASC Coding and Reimbursement Challenges | <p>This webinar addresses the growing challenges ASCs face in coding and reimbursement as payer rules and requirements continue to evolve. Attendees will gain practical guidance on complex areas such as corneal tissue billing, drug coding, cataract surgery upgrades, and coordination between facility and surgeon claims. The session will also cover how to effectively respond to payer chart requests and navigate common sources of denials and payment delays. Participants will leave with actionable strategies to strengthen revenue capture and improve reimbursement accuracy.</p> | <p>Kirk Mack COMT, COE, CPC, CPMA <i>VMG Health</i></p> | <p>RN CASC</p> |
| NOV 23 | 20 Min. | Staying Ahead of the Surveyor: Key Findings and Focus Areas for 2026 | <p>This webinar provides a focused look at the key findings and emerging priorities shaping the 2026 ASC survey landscape. Attendees will learn what surveyors are paying closer attention to, including common areas of non-compliance and evolving risk points. The session will outline practical, targeted strategies to strengthen daily readiness and maintain continuous compliance. Ideal for administrators, clinical leaders, and quality teams, this webinar equips ASCs with the insights needed to stay ahead of the surveyor year-round.</p> | <p>Lisa Nagle RN <i>VMG Health</i></p> | |
| DEC 18 | 60 Min. | A Guide to ASC Risk Assessments | <p>This webinar will provide a clear overview of the key risk assessments required for ASC compliance, including the four core assessments every facility must complete. Attendees will learn how changes in operations, incidents, or environmental factors may require additional assessments to stay survey-ready. The session will highlight how these tools support patient and staff safety and help reduce potential risks. By the end, participants will understand what assessments are required, when they're needed, and how to use them to strengthen overall compliance.</p> | <p>Debra Stinchcomb MBA, BSN, RN, CASC <i>VMG Health</i></p> | <p>RN CASC</p> |
