

Well-trained staff are essential to the success of every practice. The Connection eLearning Center offers a comprehensive library of online continuing education (CE) courses for ophthalmic personnel. Courses are organized by area of focus, with new content and enhancements added regularly to support the development of the knowledge and skills learners needed to succeed in today's practice environment. Access to the eLearning Center requires an annual Connection for Ophthalmology membership and eLearning licenses must be purchased for each learner.

The course catalog is divided into the following five main categories:

- 01 – General Staff Training
- 02 – Business Management
- 03 – Clinical
- 04 – Regulatory and Compliance
- 05 – Optical

| 01 - GENERAL STAFF TRAINING                                                   |                         |
|-------------------------------------------------------------------------------|-------------------------|
| COURSE TITLE                                                                  | CE CREDITS              |
| <b>Customer Service</b>                                                       |                         |
| OPH 01-0101 - Developing Professional Telephone Skills                        | 1.0 CEP/CPSS            |
